

RE: Letter of testimonial for Concept Advertising

December 2009

To whom it may concern,

This is a letter of testimonial for the work that Evan Morton of Concept Advertising performed recently for my business Unity IT Ltd.

We asked Evan to design new corporate folders and inserts for Unity and Evan quickly proposed several themes, one of which we agreed upon and ran with.

The experience Evan brought to the table was vital and his guidance on the design and layout of the literature was second to none. Dealing with Evan was a real pleasure and he was professional and courteous at all times, and timely in responding to any requests or queries we had.

I can thoroughly recommend Evan and Concept Advertising, and have complete confidence in recommending him if anyone requires a professional image for their business.

Yours sincerely

Trevor Bradfield
