**TO WHOM IT MAY CONCERN
MR AL CHADA
KENDLEBELL**

I would like to put on record my appreciation for the services that Kendlebell provides.

I have used them for the past few months and the feedback I have had from clients and colleagues is that they are professional, courtesy and patient. I find their delivery of messages prompt and details when required to be so.

I would happily recommend Kendlebell's services to any client, colleague or friend with no qualms at all.

Yours faithfully
