TESTIMONIAL

Our firm approached LML recruitment as we urgently needed to fill an admin post due to the fact one of our existing admin staff had gone off on sick leave.

Lesa was able to give us a number of options to bridge this staffing gap. In the end we went with a temporary member of staff provided by LML recruitment.

Lesa was very prompt in getting us sent through CV's in order for us to select a suitable candidate and was heavily involved in administrative work surrounding the interview process, which obviously saved us time and effort.

I can strongly recommend the use of LML recruitment to deal with any staffing issues you may have. I found Lesa very pleasant and efficient to deal with.

Yours sincerely
